Description:

This website aims to solve the problem of merch listing, this website aims to unite campus merch sellers, including but not limited to, BU Student Council merch and freelance campus sellers (mainly but not limited to students within a specific campus).

The website aims to lessen the stress when it comes to merch buying for the people selling as it includes:

Students names

student ID #

student phone numbers:

Campus of origin

Course within the campus

Order History

upon a student placing an order. Of course once the student receives the goods and offers to comment a response of their satisfactory of the goods, only the name and campus origin will be shown to the public (unless chosen otherwise by the student to keep their confidentiality)

The website also has the freedom to choose who it will cater to, likely which campus they want to provide to, example is a store Only within the Polanguai campus and its students, mostly for the convinience of the sellers as many cannot cater to different campuses and some can only cater to 1.
